Drop-in sessions

These practice sessions are all pretty informal and you can drop-in and leave whenever. If you have ideas on something particular you'd like to discuss or would like help with, feel free to email tableau-help@mit.edu in advance.

Session	Location	Day/Time	Notes
Data Warehouse User Group	Please see User Group page for location	Thursday 1:30pm-3pm	bring your own laptop, or ip address to remote desktop

LinkedIn Learning Tableau tutorials

- Tableau 9 Essential Training (2h 55m)
- Creating Interactive Dashboards in Tableau (1h 38m)

Resources from Tableau.com

- Tableau provides a very broad selection of training materials and documentation:
    - Product Manual
    - Tableau Training & Tutorials
    - Tableau Product Demo
    - Knowledge Base

- Tableau Server online help:
    - Projects
    - Groups
    - Users
        - Adding Users to a Site
        - Assigning Site Membership
    - Administrative Views

- Other Resources
    - User Forum
    - Quick Start Guides
    - Higher Education User Group
    - Interworks - Tableau Essentials blog
    - Tableau Reader

- Tableau Public is the Tableau Community's public server where a gallery of visualizations, blogs, and eLearning videos, can accessed and downloaded for free.
    - Tableau Public

Additional training

- If your department is interested in on-site Tableau training, contact the IS&T Help Desk.

Additional resources

- Tableau articles in the MIT Knowledge Base
