Firefox (Windows or Macintosh)

1. From the menu select History > Clear Recent History

Unknown macro: {!}

If the menu bar is hidden, press Alt to make it visible.

From the Time range to clear: drop-down menu, select the desired range; to clear your entire cache, select Everything.

By "Details", click the down arrow to choose the parts of your history to clear. To clear your entire cache, select all items.

Click Clear Now.

Close all browser windows and quit Firefox.

Result: Your cache is cleared and you can reopen Firefox.

If there's no History menu:

1. In the upper right, click on the 3 horizontal bars, then choose History.
2. Choose **Clear Recent History**.

3. Set the Time Range to Clear to Everything. Click the triangle to show Details. Select Cookies, Cache, Active Logins and Site Preferences.

If you’d like your cache cleared every time you quit Firefox, see: How do I clear my browser’s cache automatically each time I close Firefox?
