iOS 13 at MIT

On September 19th, 2019, Apple released iOS 13 for iPhone and iPod Touch devices. For information on what features are coming with this OS, please visit Apple's website.

Below are the devices that will support this version of the iOS operating system:

- iPhone 11
- iPhone 11 Pro
- iPhone 11 Pro Max
- iPhone Xs
- iPhone Xs Max
- iPhone X R
- iPhone X
- iPhone 8
- iPhone 8 Plus
- iPhone 7
- iPhone 7 Plus
- iPhone 6s
- iPhone 6s Plus
- iPhone SE
- iPod Touch (7th Generation)

(To find the version: If you cannot read the text on the back of the iPhone, launch the iOS Settings app and navigate to General > About > Model (or Model Number). Tap once on Model to reveal the model number. Any iPhone using iOS 12.2 or later can see the Model Name under General > About > Model Name.)

Below are articles that will help you set up your device to work here at MIT:

- Setting up MIT Secure on your iOS Device
- Set up MIT Email on your iOS device
- Installing Certificates on iOS Devices

⚠️ Please note that iPads will be running a new OS called iPadOS - to find out if your device is able to run that, please visit iPadOS at MIT.
