Overview

CertAid manages the entire certificate setup procedure for Chrome, Internet Explorer, and Safari, giving users a more reliable installation experience.

⚠️ Since Certaid 2.2.5, Duo Two-Factor Authentication is required to use CertAid. For more information about Duo Two-Factor Authentication, see the Duo Authentication Landing Page

Obtaining

• Certaid on the IS&T Software Grid

Using

• CertAid 2.2.6 for Mac
• CertAid 2.2.6 for Windows
• CertAid for Safari and Google Chrome
