Why are some of the tiles not available in Atlas New Hire? Do I need to follow a specific order?

Q: Why are some of the tiles not available in Atlas New Hire? Do I need to follow a specific order?

Answer

- First, update your Personal Information. When you've finished this step, the Personal Information tile will be displayed as green, with a check mark to indicate completion.
- Because accurate and complete personal information is required for all subsequent steps, you must complete this tile first.
- After updating your Personal Information, you will have to complete the "Building a Supportive Community" course before you can move on to the other tiles of the New Hire Activities application.
