## My exchange account can't send email to stringed lists, I receive bounce backs

## My exchange account can't send email to stringed lists, I receive bounce backs

 Sending email from my Exchange account to stringed lists such as @II, @mtl, etc, fails to deliver email to those recipients or distribution lists

## Context

• The N2K file is a cache of all "sent to" recipients

## **Answer**

- 1. Close Outlook
- 2. Set the system to show hidden files and folders
- 3. Control Panel > Folder Options > View > Show hidden files and folders > OK
- Find the N2K file:
- C:\Documents and Settings\UserID\Application Data\Microsoft\Outlook\outlook.nk2 and/or exchange.nk2
- 5. Rename to exchange.bak
- 6. Restart Outlook
- 7. A new file will be created
- 8. Send a test message
