Adobe Reader could not open xxx.xfd because it is either not a supported file type or because the file has been damaged

Adobe Reader could not open xxx.xfd because it is either not a supported file type or because the file has been damaged

.xfd files need to be opened with PureEdge. PureEdge is available from within Coeus. It is also available on the Citrix staging server.

If you have questions about how to use PureEdge via Citrix, the Computing Help Desk may be able to assist.

For questions about PureEdge and Coeus, contact coeus-help@mit.edu.
