## Where is my Self-Service stuff?

This documentation refers to the Atlas Online Gateway.  
You can access Atlas at <https://atlas.mit.edu/>

## Self-Service is now called About Me

The **About Me** tab in Atlas includes most of the self-service applications that were formerly placed under the My Profile, My Benefits, and My Money sections. Please see below for more detail.

## What happened to all of the My Profile applications?

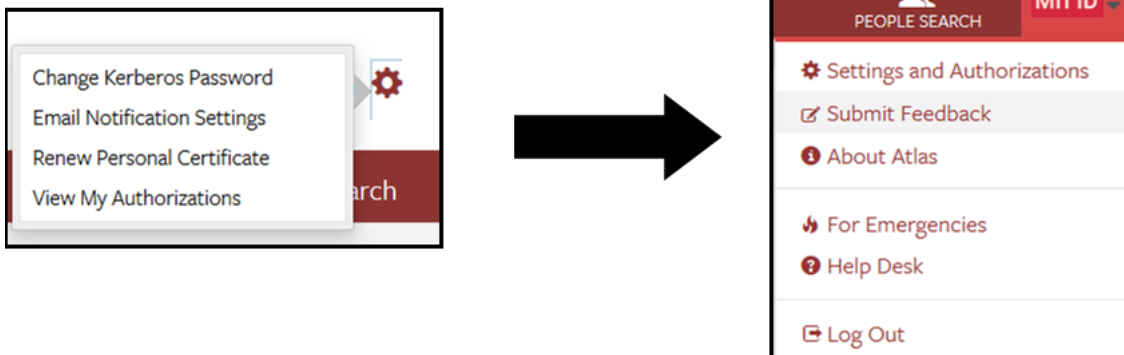

The My Profile applications were sorted in two categories: Personal Information and Emergency Information. All of the Personal Information applications have been combined into one redesigned, user-friendly application that includes the Personal Information applications and the Emergency Contact application.

- **What happened to the Campus Emergency Notification link that was previously under Emergency Information?**

The MIT Alert link lists with the About Me information in the Full Catalog and it displays as a QuickLink on the **About Me** page. You can view the Full Catalog from your homepage, at the bottom of the Atlas menu. In addition, setting up your MIT Alert is a step in the New Hire system.

- **What is the Settings and Authorizations page? This wasn't in Self-Service before!**

The information that was previously offered from the "gear" menu is now available from the **About Me** page, under My Profile, if you select **Settings and Authorizations**. There, you will find Email Notification Settings and information and links on Kerberos password settings, MIT Certificates, and authorizations. The **Settings and Authorizations** page is also accessible from the paystubs application and from the top right drop down menu with your MIT ID displaying.

## What happened to the My Benefits applications?

The MIT Benefits and Benefit Links are available on the **About Me** menu, MY BENEFITS section.

## What happened to the My Money applications?

The applications under "My Money" from the Payroll Options category are available under Money Matters on the **About Me** menu. The Total Compensation Statement (PensionConnect) is an exception. It lists with the Money Matters application in the Atlas Full Catalog. It displays as a QuickLink on the **About Me** page, not on the **About Me** menu.

- **Where are the My Money: Reimbursements (RFPs) applications?**

Applications that were previously found on Self-Service, from My Money, in the Reimbursements (RFPs) section are now available in Atlas in the

My Reimbursements group.

- **Where are the My Money "Other Links"?**

The Other Links, formerly listed under My Money in Atlas list below with their Atlas group locations:

Concur Travel Expense - Travel

Community Giving at MIT - Discounts and Perks

MIT Loan Program - Benefits, Discounts and Perks

MIT Federal Credit Union - Benefits, Discounts and Perks
