Overview

Atlas is a single online gateway for administrative systems at MIT. You can access the services you need - both self-service and administrative system functions - all in one place.

Key Features

- Home Page - Find helpful resources and learn about current activities.
- Build your own Menu - Personalize your home page menu for the work tasks that you need most.
- About Me - Update your personal info, payroll direct deposit, view paystubs, and more.
- Campus Life - Learn about what is going on and connect with others at MIT.
- People Search - Look up MIT colleagues from within Atlas and save favorite contact in address book.
- Feedback Button - Let us know what you think.

How to Obtain/Access

Atlas can be accessed using [Atlas MIT](#).
