

My Appointments in GAP

My Appointments in GAP

My Appointments is the default starting view in GAP, displaying all of the active or deleted appointments for your department(s) for the past 30 days. Appointments in draft, pending approval, or with action required may remain in the My Appointments view beyond 30 days. To see additional appointments beyond what is displayed, use the Search function.

| ID | Name | Department | Status | Date |
|------------|------------|-------------|--------|------------|
| 1000000001 | John Doe | Engineering | Active | 2023-10-01 |
| 1000000002 | Jane Smith | Engineering | Active | 2023-10-02 |
| 1000000003 | John Doe | Engineering | Active | 2023-10-03 |
| 1000000004 | Jane Smith | Engineering | Active | 2023-10-04 |
| 1000000005 | John Doe | Engineering | Active | 2023-10-05 |
| 1000000006 | Jane Smith | Engineering | Active | 2023-10-06 |
| 1000000007 | John Doe | Engineering | Active | 2023-10-07 |
| 1000000008 | Jane Smith | Engineering | Active | 2023-10-08 |
| 1000000009 | John Doe | Engineering | Active | 2023-10-09 |
| 1000000010 | Jane Smith | Engineering | Active | 2023-10-10 |

Filtering the list

Course – If you have authorization to create appointments in more than one department, you can select the one you want to view from the drop-down. *All Courses* will display the courses you have authorization for.

Aid Year/Period – This refers to the *Financial Aid* year, not the academic year.

Created by – My department will display all appointments created by anyone in your department, or you can filter to show only the appointments you have created. **Note:** The creation date for an appointment will be pending any approvals required, therefore may be different than the date the appointment was submitted.

Status – Filter the list to show appointments with a particular status:

- **Draft** – appointment has not yet been submitted
- **Pending approval** – appointment required one or more approvals; see *Workflow - Overview of Approvals* below for details
- **Action Required** – appointment was rejected/returned to the submitter by an approver, requesting a change; open the appointment to learn more
- **Deleted** – appointment was deleted in GAP, and the record removed from SAP
- **Active** – an active appointment

In addition, you may sometimes see (changed/changing active) after one of the statuses; this indicates an Active appointment is in the process of being changed (Draft/changing active), needs to be approved (Pending approval/changing active), or was returned for further action (Action Required/changing active).

You can also use the Search box, e.g. to search for a particular student, or creator (by Kerberos).

Sorting the list

Right click on any column heading to sort ascending or descending order. Note that the sort order cannot be saved and may return to the default when you change views.

Workflow - Overview of Approvals

| | |
|---------------|-------------------------------------------------------------------------------------|
| HR Payroll | PERNR not valid for dates of appointment |
| | Retroactive change for a student who is currently an employee |
| | Prior calendar year amount or percentage changes, or changes after deletion |
| | Errors processing the appointment/distributions in SAP---maybe NOT NOW |
| ODGE | Salary/stipend is greater than 15% above the standard rate |
| | Reasonable compensation rule is waived |
| SFS | Student not eligible in current term, changes to prior term within same aid year |
| | Eligible and on degree list in current term, total amount changed (tuition/ins/SLF) |
| | Appointment created/changed/deleted prior to current term, or in prior aid year |
| VPF Sponsored | Change of amount for WBS more than 90 days past end of fiscal year quarter |

PowerFAIDS will receive a notification email if an appointment is created, changed or deleted from a previous aid year, although the appointment will not require their approval.
