## Why can't I find an employee's form to finalize it after our face to face meeting?

## Why can't I find an employee's form to finalize it after our face to face meeting?

1. Click on All Forms on the My Forms page to locate the form in question. (See How do I locate a particular PDR form?)

2. If the form is in the step, "Employee writes self assessment," then you must have clicked the "Send Back" button by mistake, rather than "Save for 1:1 Meeting." To continue the process, you can either ask the employee to go into the form and click **Send to Manager**, or your local PDR Administrator can move the form forward for you.
