

Benefits Enrollment not appearing in "View My Benefits"

Benefits Enrollment not appearing in "View My Benefits"

The "View My Benefits" link in [Atlas](#) now has functionality for inputting a date.

The screenshot shows a user interface element with the text "Plan participation as of" followed by a date input field containing "11/09/2009" and a calendar icon. Below this is a blue button with the text "View Printable Summary".

For new employees, if you have elected to have your benefits begin on the first day of the upcoming month, enter that date, then click "View Printable Summary".

For changes made during Open Enrollment, change the date to January 1 of the upcoming calendar year.
