## How to obtain Gurobi optimization software

Gurobi optimization software is available at no cost to academic users for non-profit academic research and teaching.

- In order to obtain it you must first register by clicking on the **Register** button ; see "Step 1" as noted in the screenshot below, on [Gurobi's For Universities](#).

### For edu ONLY

Be sure to use your MIT email address, otherwise your registration will not be validated. It must be an "edu" email.

- After you register, return to [Gurobi's For Universities](#), log in, and follow the "Step 2" as noted in the screenshot above. Windows, OSX and Linux versions are available. The Quick Start Guide in the download should get you started.
