Where can I find what kind of Apple Computer I have

Q: Where can I find what kind of Apple Computer I have

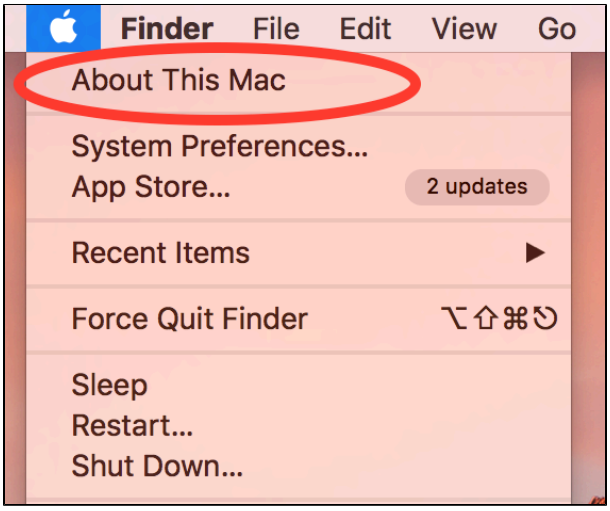

- I need to know what model Apple Computer I have - where can I find this?
- I have software that requires certain system requirements - where can I find the model of my machine?

Answer

- Go to the upper left hand side of your screen where you see the ? Logo and click on the ?

- Click on About This Mac

- The dialog box that appears will show you the model of your machine - along with the Operating System you are running.
