How do I log into Qualtrics?

If you already have a Qualtrics account

If you have already signed up for a Qualtrics account, you can log into the system at: <http://mit.qualtrics.com>

You may be prompted for [Touchstone](#) authentication. If so, you can authenticate using your personal certificate, kerberos username and password, or kerberos tickets.

If you don't have a Qualtrics account yet

You will need to register for a Qualtrics account before you will be able to use the service.

See: [How do I request a Qualtrics account?](#)
