

How can I change the PIN on my Windows 10 Mobile device?

[Mobile Device Support] > [Windows 10 Mobile]

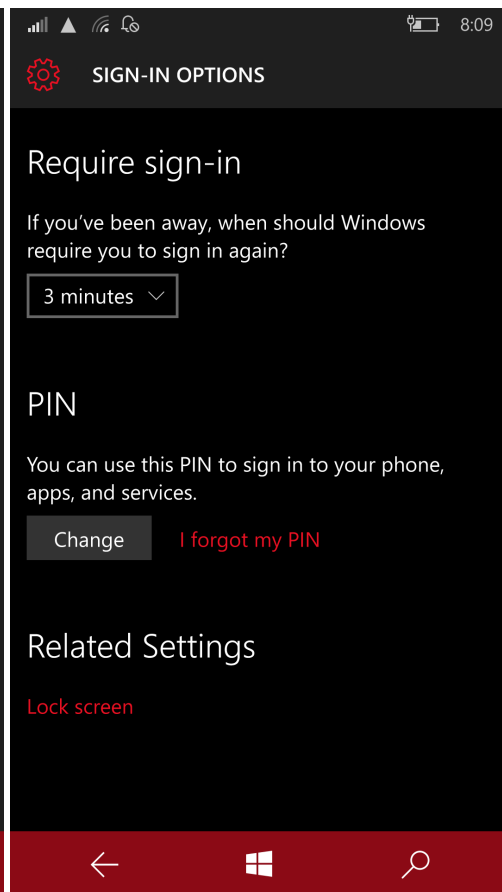

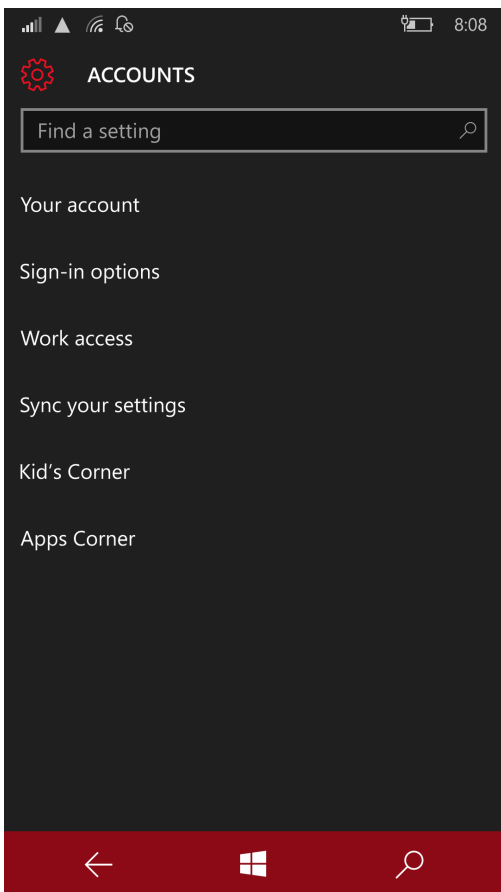

Q: How can I change the PIN on my Windows 10 Mobile device?

Answer

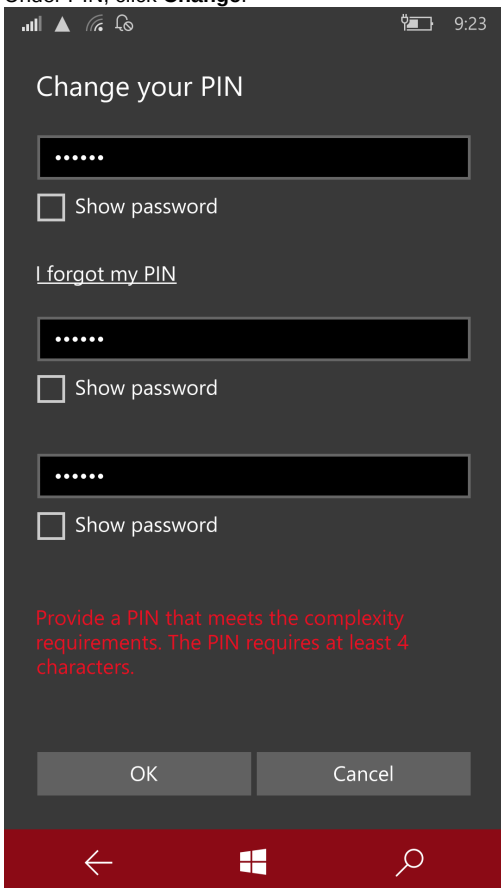

1. From the Apps list, open **Settings**.

2. Select **Accounts > Sign-in options**.

3. Under PIN, click **Change**.

4. In the top text box, enter your current PIN.

5. In the second and third text boxes, enter your new PIN, and click **OK**.

Your PIN is now changed.
