test settings help

Welcome, please identify yourself to access MIT services.

Have an MIT certificate?

Use Certificate - Go

☐ Always login with this

Certificates are your key to secure web services at MIT, (such as Benefits, Request Tracker, SAPweb, and WebSIS) and the preferred way to access MIT servers.

If you don't have a certificate installed on this machine, you may login using your MIT username (the 8 characters before your @mit.edu email address) and your **Kerberos password**.

No certificate? Use Kerberos username

Username: @mit.edu

Have Kerberos tickets?

Use existing tickets - Go

☐ Always login with this

Using your Kerberos tickets to authenticate to MIT Touchstone requires correct **browser** configuration. This option is useful for Athena and WIN.MIT.EDU users.

4. Complete Authentication with Touchstone using a certificate, Kerberos username and password, or tickets.
Result: You will be brought to the Microsoft Office Homepage.

5. Select the **Teams** icon from the menu of Microsoft applications on the homepage.
Result: You will be brought to your Teams home page.
