How can I change the PIN on my Windows 10 Mobile device?

[Mobile Device Support] > [Windows 10 Mobile]

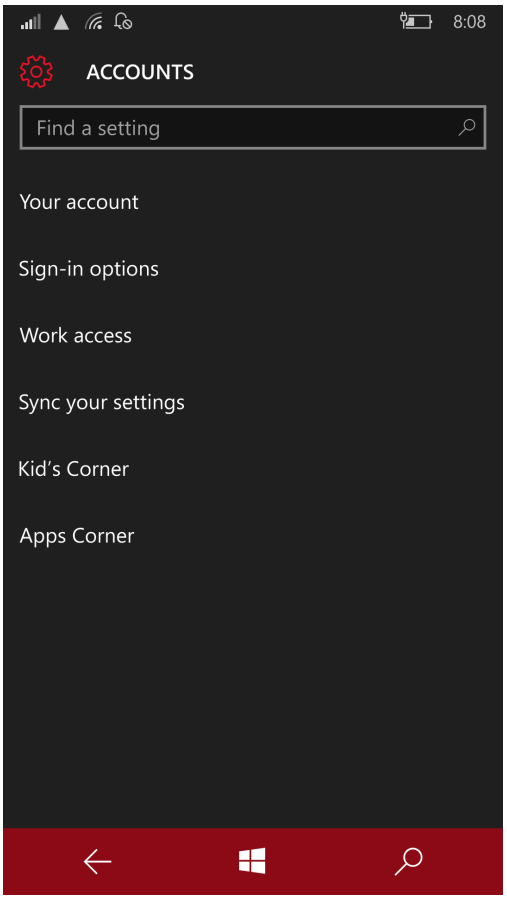

Q: How can I change the PIN on my Windows 10 Mobile device?

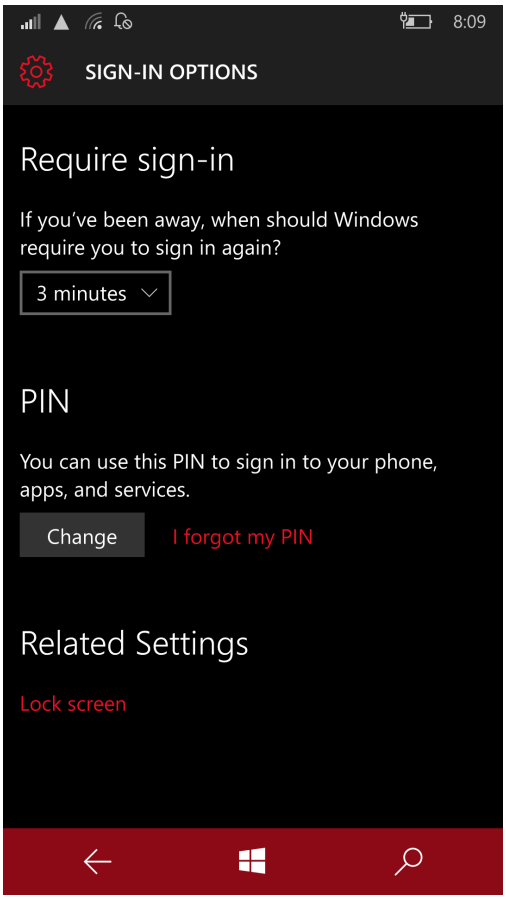

Answer

1. From the Apps list, open **Settings**.

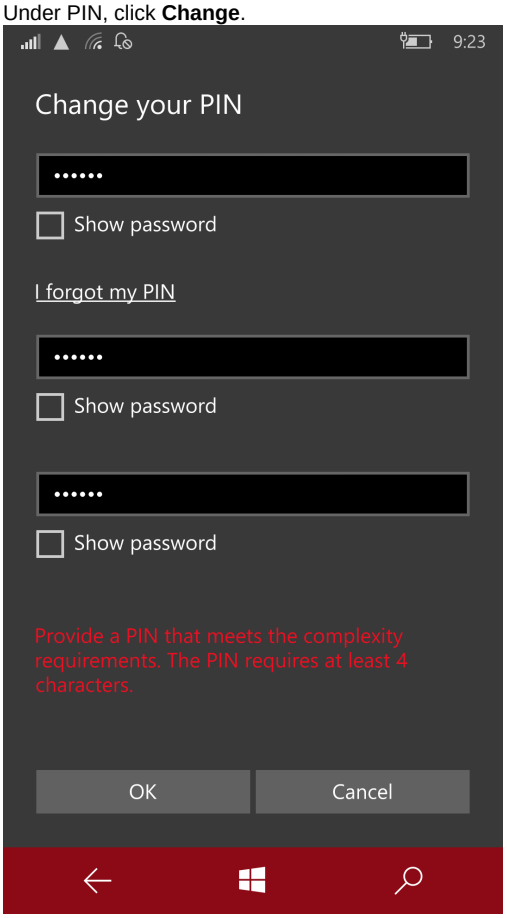

2. Select **Accounts > Sign-in options**.

3. Under PIN, click **Change**.

4. In the top text box, enter your current PIN.

5. In the second and third text boxes, enter your new PIN, and click **OK**.

Your PIN is now changed.
