Citrix version 10 or higher requires updated launch.ica files, which are available as a zip archive.
Follow these steps:

1. Select the link to download a zip archive of the updated launch.ica files. Select the option to Save the file:
   https://wserv.mit.edu/fcgi-bin/softcount?product=mit/macos/mit-citrix-launch-files-1.3.zip
   Here is what you will see when you do:

2. Please double click on the folder for **mit-citrix-launch-file-1.0.zip**

3. You may leave this folder in the downloads folder or, if you prefer, you may move it to your desktop.

   Contact the IS&T Service Desk, at x3-1101 or helpdesk@mit.edu with any questions about unzipping the archive.
