How can I modify the start or end date for a cost object?

How can I modify the start or end date for a cost object?

Answer

- If the cost object is a WBS element, contact the OSP representative for your department, lab, or center.
- For a list of the OSP representatives, by department, see: https://ras.mit.edu/about-ras/staff/by-administrator
- For non-WBS elements, send mail to vpf-cost-objects@mit.edu or contact the budget officer for your department.
