Overview

Windows is the operating system designed and produced by Microsoft Corporation. The current version of Windows is Windows 10. IS&T also supports Windows 8.

Key Features

- *File Explorer* allows easy file organization and management.
- *Aero Shake* and *Snap* allow you to instantly arrange open windows in an easier to view fashion.
- *Task bar* provides short cuts to frequently used programs and apps.

How to Obtain

To download Windows 10, visit the IS&T Windows page.

- To see system requirements, visit Windows 10 System Requirements.
- For instructions on installation, visit Windows 10 - Clean Installation.
- For instructions on activation, visit Windows 8 and 10 - Activation.

How to Use

- LinkedIn Learning Videos

Software and Utilities

Back-up and Anti-virus

- Crashplan (Formerly Code42) 8.6.x or later for Windows - Installation
