

ORA-12645 Parameter does not exist, Oracle error code

ORA-12645 Parameter does not exist, Oracle error code

Translation of the error message from Oracle's support site

ORA-12645: Parameter does not exist.

Cause: A sqlnet.ora parameter from which a value was needed does not exist.

Action: Set the parameter in the parameter file.

Troubleshooting steps to take

Check that the following file is present: C:\Program Files\ora92\network\Admin\sqlnet.ora.

Note, sqlnet0.ora may also be present.

If sqlnet.ora file is not present, re-running the Oracle client installer, from <http://web.mit.edu/software/win.html> will replace it.

If sqlnet.ora is present, compare that file with sqlnet.ora from known working machine.
