Salesforce

Salesforce

A number of Salesforce administrators have formed the Salesforce Special Interest Group (SIG), an informal group of MIT folks with a wide range of Salesforce skills and deployments. To facilitate information sharing, we have created a few resources:

- salesforce-sig@mit.edu email list. Anyone from MIT can join here.
- Salesforce Special Interest Group Yammer Group. Anyone from MIT can join.

We tend to have meetings every two months, with details being posted on the email list.
