Drop-in sessions

These practice sessions are all pretty informal and you can drop-in and leave whenever. If you have ideas on something particular you'd like to discuss or would like help with, feel free to email tableau-help@mit.edu in advance.

Session	Location	Day/Time	Notes
Data Warehouse User Group	Please see User Group page for location	Thursday 1:30pm-3pm	bring your own laptop, or ip address to remote desktop

LinkedIn Learning Tableau tutorials

- Tableau 9 Essential Training (2h 55m)
- Creating Interactive Dashboards in Tableau (1h 38m)

Resources from Tableau.com

- Tableau provides a very broad selection of training materials and documentation:
  - Product Manual
  - Tableau Training & Tutorials
  - Tableau Product Demo
  - Knowledge Base
- Tableau Server online help:
  - Projects
  - Groups
  - Users
    - Adding Users to a Site
    - Assigning Site Membership
  - Administrative Views
- Other Resources
  - User Forum
  - Quick Start Guides
  - Higher Education User Group
  - Interworks - Tableau Essentials blog
  - Tableau Reader
- Tableau Public is the Tableau Community's public server where a gallery of visualizations, blogs, and eLearning videos, can accessed and downloaded for free.
  - Tableau Public

Additional training

- If your department is interested in on-site Tableau training, contact the IS&T Help Desk.

Additional resources

- Tableau articles in the MIT Knowledge Base
