

# Why am I seeing a warning that my MIT Dropbox account is full?

## Q: Why am I seeing a warning that my MIT Dropbox account is full?

### Uploading/Updating File Quota Error

You are unable to upload additional files while over quota. Existing files will not be removed and will continue to be accessible (although may not be updated or changed until the account is below quota). The error seen when trying to upload additional files or update existing files when over quota look like these:

In order to upload or update any of your files in Dropbox, you must first [get below quota](#).
