Requesting a Drupal Cloud Site

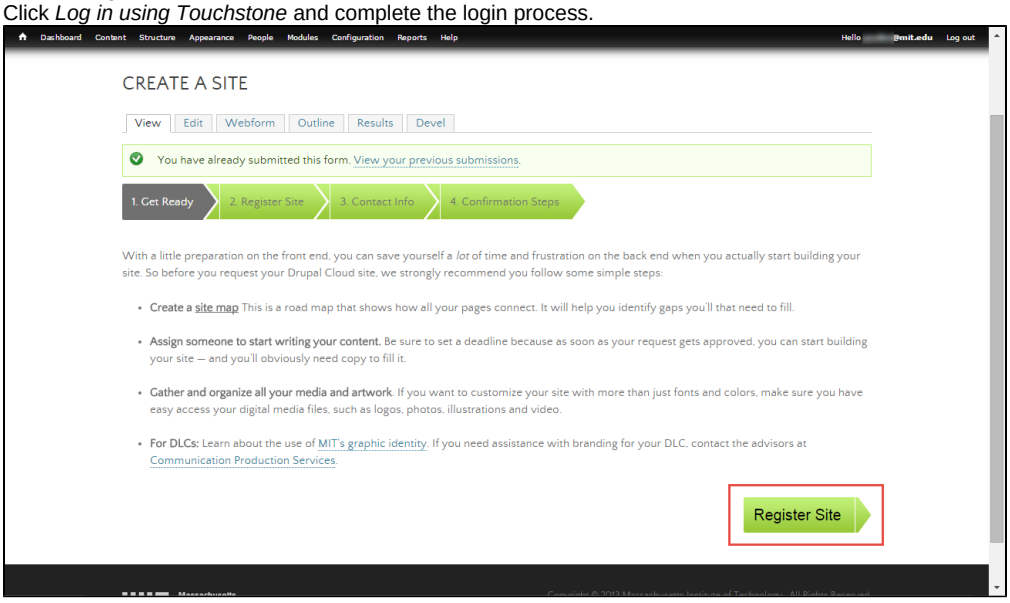

Requesting a Drupal Cloud Site

Follow these steps to request a Drupal Cloud site.

1. Visit the Drupal Cloud web site

2. Click the *CREATE SITE* link.
3. Click the *login* link.
4. Click *Log in using Touchstone* and complete the login process.

5. Complete the steps to request your site. Click the green arrow at the bottom right to continue.

If you've provided the necessary information, you should receive an email within 3 days with a link to your new site. You may create multiple sites.
