How can I change the sidebar layout?

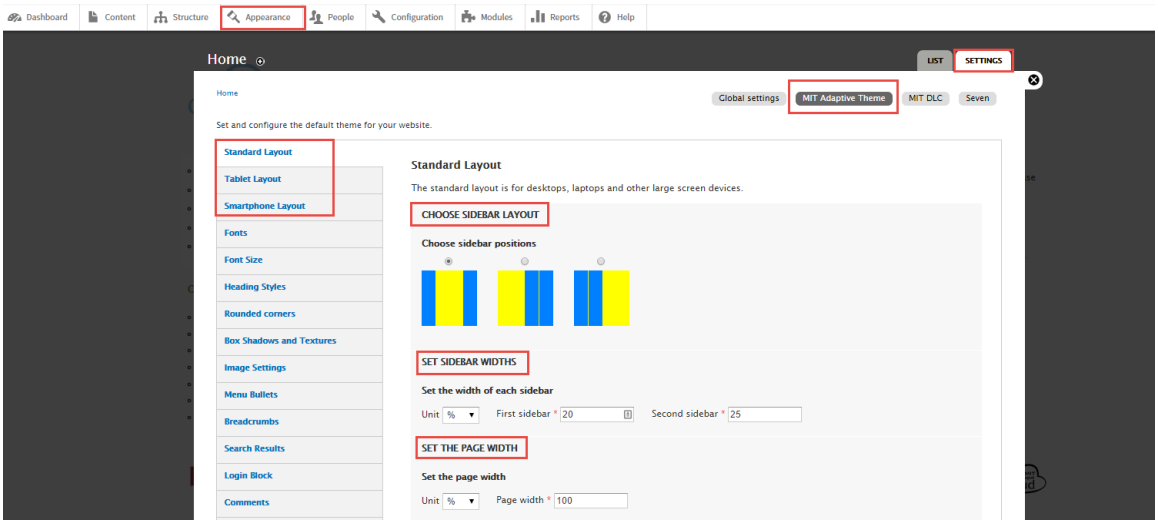

How can I change the sidebar layout?

Return to Drupal Cloud Landing Page

> **Note**
> These setting are available when using the *MIT Adaptive* theme. They are **not** available when using the default *MIT DLC* theme.

Answer:

1. Click **Appearance**, then **Settings**.
2. Select your theme in the upper right.
3. Select *Standard, Tablet or Smartphone layout* on the left.
4. Make a choice for the layout of your sidebar column positions.
5. Make a choice about the widths of your sidebar blocks and your page.
